

Usability Testing Results

Scale: Unsuccessful, Partially unsuccessful, Neutral, Partially Successful, Successful

SCENARIO	RESULTS	ADDITIONAL COMMENTS
PUNCH IN WORK TIME	3 – Successful 1 – Neutral 1 – Partially successful	All of the respondents managed to complete the task. Some of the respondents were confused that they needed to first check the punch/break. One respondent was looking for specific “punch in”;
PUNCH IN BREAK TIME	4 – Successful 1 – Neutral	5 out of 5 respondents completed the task. One respondent selected punch instead of break.
PUNCH OUT BREAK TIME	4 – Successful 1 – Partially	All respondents completed the task. One respondent again selected punch instead of break.
PUNCH OUT WORK TIME	5 – Successful	All of the respondents completed the task. 100% successfulness might be due to the fact that users got used to the system from the previous scenario.
REGISTER EMPLOYEE	4 – Successful 1 – Partially Successful	Everyone completed the task. One respondent had issues with locating the register employee page.
DELETE EMPLOYEE	5 – Successful	Everyone completed the task.
CHECK LAST REGISTRATIONS	5 – Successful	Everyone completed the task.
